

Impact of Doha Proposals on NAMA Tariffs

(U) Note: Developing country averages include an estimated use of flexibility (10% of tariff lines subject to less than formula cuts per Para 8a). Unbound markup of 5 percentage points for developed countries, 30 percentage points for developing countries.

Impact of Doha Proposals on Agriculture Tariffs

Note: Just tariff reduction; does not incorporate flexibilities for “special” and “sensitive” products and/or special safeguard mechanisms.
